

### English:

**In English** we will carry on practising how to write, read and check our sentences using the correct punctuation, finger spaces and phonics to sound out new words. We will be reading *Up and Down* by Oliver Jeffers and *Amelia Earhart* by Maria I.S. Vegara.

### Phonics: Phase 5 sounds and tricky words

Children will have access to BUGCLUB online reading books, where children have the opportunity to read variety of books matching their own phonic knowledge.

### PSHE:

The children will be continuing to learn about how to stay healthy and make good lifestyle choices. Then we will focus on the topic of 'Relationships' where they will explore why we have special relationships with some people and how these relationships help us feel safe and good about ourselves.

**DT:** We will be exploring mechanisms and what makes them move. We will be creating our own lever and slider. We will discuss what order the mechanism will be made. We will use the correct tools to make our slider. Then we will evaluate our work.

### History

In History the children will be learning about the Wright Brothers and their role in developing aircrafts. We will be able to recall some of the events in their life. We will compare aircraft from the past to the present day. We will create a simple timeline to order events related to air travel.

### RE:

Our new theme would be holidays and holy days. We will be learning about how we use holiday times to relax and do something different, also how the Holy Spirit helps and guides us in our lives.

### Geography:

In Geography we will be learning the continents and oceans of the world. We will also be finding out where the continents and oceans are in the world. We will discuss which animals live in which continent and give reasons why.

### Maths :

Children will be recapping on how to work out one more/one less, also they will be adding and subtracting within 20. We will be revising the place value of numbers up to 50. Later, in multiplication and division topic, children will be revisiting counting in 2s,5s and 10s. We are also going to make and share equal groups.

**Computing:** The children will be learning about spreadsheets. The children will navigate around a spreadsheet. They will explain what rows and columns are. They will save and open sheets and enter data into cells. They will be able to use a spreadsheet to help work out a fair way to share items.

### PE:

Children will be practising their tennis skills outdoor and different movements in dance indoor.

### Science:

In science we will be looking at the seasons and what changes have occurred. We will be continuing learning about plants then revisiting animals and the different groups of animals.

Up, Up and  
Away!
